1. Lord I feel lost. I feel I have no direction for this meeting we are in at this moment. I do not know what to do next. But you do. I love you. I love you and I give you me, my all, I give you this meeting and what to do next. I don't want to lay my hands on it. I don't want to direct it. I want you to direct it. You can speak, you can do what you want. I want you to be you. I yield to you, My Lord, My God, my friend.
2. Be still and know that I am God. I will bring forth the documents. I will bring forth my chosen. I will bring forth that which I am at the here and now, for such a times as this. I love you. I give you me.
3. I know that thou are pained by circumstances sore. I have them in my hand. I have all your/my bank accounts in my hand. I have all that pertains to you in my hand. I have your circumstances and frustrations in my hand. I have every relationship in my hand, that I now bring forth into fruition for Me and my work, my father's plan coming forth into full view, before the eyes of your spirit, before the eyes of your manship, your reproductionship forthcoming. I love you.
4. All that thou hast need of is in my hand and on its way to you now, now, now, today! Trust me in this. Thank you. You fail not, you fail not to praise me for all I have done for you today, today, today. I give you praise. Thank you for praising me. I love your praise. I love you. I love your communicating communion with me.
5. As thou hast been, be so forevermore not, for in me you live and breathe and have your being, which now transforms me, me, you/me into me/you, for that is what you have desired, sought, cried for, yea, sought me in the wee hours and cried out in pain for to have, the fullness of me in you released to the point, to the actualization, the realization, the light-blindingness in your mirror, that you are me, and me coming forth in the fullness of you, in the uniqueness of your design that I gave you. I love you, thank you. Thank my father, in whom there is no shadow or variableness or turning. For all comes to pass and it comes now, today, tomorrow not, today. I love you. Think it not strange any trial or fiery circumstance thought. I love you.
6. You are me and have all of me at your disposal, for you died to receive me and in death now bring forth much fruit, never making of yourself reputation, but fully being me in the flesh. Watch me.
7. Watch me, enjoy me. Enjoy my mine, enjoy my mind, enjoy my passion, my delight, my universes that are now in your reach, today, today, forthcoming today, today, today. Tomorrow not, today, today, today, April the 19th, 2005, your dating, your dating system, your calendar, my time. Thank you. Today is. I am. You are. I am you are. You are I am. We have exchanged places for places all you have to give my body who come to

you now to place their hands in mine to receive me in covenant and fullness and light-blindness light of light. I love you.

8. All is, thank you. I give you me, let me speak more today just like this and I will come in meetings aplenty, meetings with all, with no respecter of persons, respecting all; universally, in universes all. Thank you.

9. Ted, Me.

Thank you
